

Fall *Green Revolution* Events

at the North Dakota Heritage Center & State Museum

WALL-E, a Family Film

Sept. 24: What if mankind had to leave Earth and somebody forgot to turn the last robot off? The year is 2700 and WALL-E is a robot still spending every day doing what he was made for. Soon he is visited by a sleek robot named EVE whom he chases across the galaxy with a pet cockroach and a heroic team of malfunctioning misfit robots. The state of Earth in the movie urges viewers to take notice of how their actions may affect the environment. Rating: G. 10:30 a.m. and 2 p.m. in the Russell Reid Auditorium.

Green Revolution Recycled Art Classes (age 8 and older)

In **October**, join local art instructor Andrea Vinje for our three-session course to create recycled star-shaped books from handmade paper! On Oct. 1, participants will make their own paper. On Oct. 8, participants will assemble their own books. On Oct. 15, participants will write, draw, and discuss light, Earth, stars, and the Northern Lights. \$10 supply fee. Maximum of 15 students. Register at recycled-art.eventbrite.com. Watch for more recycled art classes with Andrea in January and April!

Celebrating 50 Years of the National Historic Preservation Act: Governor's North Dakota History Conference

This conference on **Oct. 22 and 23** will focus on North Dakota's historic preservation efforts to commemorate the 50th anniversary of the National Historic Preservation Act. Find more and register at history.nd.gov/conference.

Little Kids - Big World toddler programs

The **November 7** program at 9:30 and 10:30 a.m. will teach toddlers about recycling. Create turkeys using toilet paper rolls and cereal boxes! Find more about these 30-minute programs at statemuseum.nd.gov.

Daily Films

Watch free films related to green choices in the Russell Reid Auditorium or the Great Plains Theater every day. Please check the schedules at each location for film titles and times.
