PAGE 3—Feature Data**Field Code York Township School #1SITS# 32 BE**Complete a Page 3 for each feature.****1. Feature Description, Integrity, Eligibility:**

The feature is a one room prairie school. It was moved to this location. The roof is partially covered with wood shakes and there is metal capping at the peak. Much of the under planking has holes in and some is missing. This building is in very tough shape. There is no chimney and soffits are open.

The siding is 6 inch wood lap with 4 inch corner trim. The door is on the west side and looks to be a sheet of wood. The window openings, 3 on the south and three on the north are all void of glass and any framing. I did not get close to this building.
