PAGE 3 – Feature Data****Field Code** Twin Lake Township School**SITS#** 32 BE**Complete one Page 3 for each architectural feature at the site.****1. Feature Description, Integrity, Eligibility:**

The feature is a one room prairie school on a concrete foundation. The hip roof of the school and gable roof of the entry are covered with metal sheeting. There is a yellow brick chimney on the east slope of the roof. The soffits are closed. The building measures 16 feet north to south and 24 feet east to west.

The siding is all metal sheeting. The windows are all replacement windows with storms on the exterior. There are three windows on the south wall of the school and one on the west wall of the entry. The entry has a solid core door and it was locked. When the entry was reroofed cornice returns were preserved. The interior walls and ceiling are finished with wallboard. The floor is covered with linoleum. There is a blackboard on the north wall. A fuel oil barrel on the north side serves the school for heat. A sign above the entry door reads Twin Lake Twp Hall.
