PAGE 3 – Feature Data****Field Code** Isabel Township School**SITS#** 32 **BE** x170**Complete one Page 3 for each architectural feature at the site.****1. Feature Description, Integrity, Eligibility:**

This feature is a one room prairie school moved to a farm for use as a garage or perhaps storage. The gable roof is covered with metal sheeting. There is not a chimney. Soffits appear to be closed. This information is from pictures on Google Maps (2024) only so closer observation was not possible.

The siding on the building begins with a rake board under the eaves at the peak ends of the school. The remainder of the siding is 6 inch wood lap with 4 inch wood corner trim. A wide horizontal board was added to the north wall, in a line with the bottom of the roof, for extra strength as a overhead garage door was added to that side.

There are three windows on the east side of the school that look to be double hung windows. Two appear to have glass and the third is covered. I cannot see the west side. An entry is located at the south end of the school. From a distance it looks like there is an entry door. To the east side of the entry there is a small addition. Perhaps used for fuel storage. I have no information about the interior of the school.

The pictures submitted are from google maps.

4. Description of Access and Site Setting:

This school is located at the south side of a farm yard, next to a large barn. There are other farm buildings, bins and trees to the north, east and west. Access to this farm site is northeast of Esmond on Hwy 19 a little over 6 miles to 47th Ave NE. Turn left and go north about 1/3 of a mile to see the farm on the left. You will see the school at the south side of the farm yard as you approach.
