PAGE 3—Feature Data**Field Code Harvey Township School #1SITS# 32 CV**Complete a Page 3 for each feature.****1. Feature Description, Integrity, Eligibility:**

The feature is a one room prairie school on a concrete foundation. This school was moved to this location for use as a shed/storage and today a farm office. The roof and exterior walls are all covered with ribbed metal sheeting. The building measures 28 feet north to south and 16 feet east to west with a 8 by 14 foot original entry on the north side. There is an addition on the east side with an overhead door and a newer entry door reached from a concrete pad.

The old entry, on the north side of the school, has a 5 panel wood door that gives entry to original space. There are newer double hung windows with no evidence of previous windows openings. The interior walls and ceiling are metal over wallboard with knotty pine on the south wall. The tongue and groove hardwood floors are covered with rubber matting. There is a concrete ramp just inside the entry door that was used to get equipment inside before it was converted to office space. There is electricity today.
