**NDCRS ARCHITECTURAL SITE FORM
PAGE 3—Feature Data**Field Code Osford Township School #3SITS# 32 CV**Complete a Page 3 for each feature.****1. Feature Description, Integrity, Eligibility:**

The feature is a one room prairie school on a concrete foundation, connected a second building to the west. It was moved to this location in 2004 to be used as a hunting shack. The gable roof is covered with ribbed metal sheeting. There is no chimney. The soffits are closed. The building measures 16 feet east to west and 24 feet north to south with the entry measuring 10 feet by 10 feet.

The siding on this building is vinyl. There is a deck on the east side with a sliding glass patio door. A newer double hung window is on the east wall of the entry. Two more double hung windows are on the west wall. There is a concrete pad leading to the north 4 panel wood entry door with a storm door. The entry has beadboard walls and ceiling. The interior walls are a mixture of wood and wallboard. The ceiling is wallboard and the floor is tongue and groove hardwood. There is a small blackboard on half of the south wall where a small kitchen is located today. Light fixtures suggest electricity.
