**NDCRS ARCHITECTURAL SITE FORM
PAGE 3—Feature Data**Field Code Daneville Township SchoolSITS# 32 DV**Complete a Page 3 for each feature.****1. Feature Description, Integrity, Eligibility:**

The feature is a one room prairie school on a poured concrete foundation. The intersecting gable roofs along with the half hip of the north addition are covered with wood shakes with metal capping and finials. The pyramidal roof of the bell tower also has some wood shakes. The bell tower is located on the west gable of the entry and has a wood base with four corner posts to a square top which holds the tower roof. The openings are rounded at the top and there is no bell. There is a stub of a flagpole at the top of the pyramidal roof. There is a red brick chimney with a round metal cap on top. The building measures 28 feet north to south and 20 feet east to west with the north addition measuring 6 feet by 12 feet and the entry 14 feet by 14 feet.

There is a wide trim board under the soffits on all the peak ends with the remainder of the siding 6 inch lap with 6 inch wood corner trim finished by waterboard and a skirting board. The gable roof with the salt box line includes an open porch with a concrete stoop. There locked 5 panel wood entry door. A diamond shaped opening above the window is boarded up. The east wall has 5 double hung windows, two sets of two to either side of a single middle window. All the glass is intact and shades are drawn. The toilet addition on the north side has two double hung windows with intact glass. There is another double hung window in the entry and a small four pane fixed glass window also on the west wall of the entry. All the double hung windows on the east side are replacements. The floor is tongue and groove hardwood. The walls are covered with lathe and plaster with wainscoat throughout. The ceiling is lathe and plaster. Did not see blackboards.
