The feature is a one room prairie school, sitting on a farm site. This building was moved onto the farm from Section 11 of Wallace Township. Previous to that it was located in Section 13. The building measures 24 feet 4 inches east to west and 16 feet 4 inches north to south. The school has 6 inch lap siding with 4 inch corner trim. The roof has asphalt shingles and there is a door cut into the roof on the south side, perhaps to allow the building to be used for grain storage. The windows are all boarded up, three on the south side and it looks like three on the north. Inside the school the walls are covered with different kinds of wood panel, much of it looks like bead board. The original wainscoting is still in place. All the windows are covered from the inside as well. There is no ceiling, only open rafters. The floor is hard wood tongue and groove. There is no chimney. According to school records this school closed in 1957.
