Feature Preservation Recommendation(s) (Check all that apply):

- Individual nomination
- Contributes to a potential district
- No nomination potential
- Will not contribute to a district
- Potential district—feature would be a contributing element if other properties constitute a district
- Thematic nomination potential
- Component of a historic site or landscape
- Moved (specify all applicable choices)—a) relocation occurred within a historic period; b) recreates original site, orientation, landscape, & spatial relationships; c) compatible in context with neighboring structures; d) relocation has damaged eligibility
- Historical associations require further investigation

**NDCRS ARCHITECTURAL SITE FORM
PAGE 3—Feature Data**Field Code Neudorf Township SchoolSITS# 32 LO**Complete a Page 3 for each feature.****1. Feature Description, Integrity, Eligibility:**

The feature is a simple one room prairie school on a concrete foundation. Asphalt shingles cover the roof and there is no chimney. The eaves have closed soffits. The building measures 20 1/2 feet east to west and 36 feet north to south.

A wide header runs along the top of all four outside walls, just under the eaves. The siding is 6 inch wood lap with 4 inch wood corner trim. The building has good paint and is taken care of. There is a wood porch leading to a 5 panel wood door. There are two double hung windows, on the south side that show a large coat room. There are also two more windows in the entry, one on the west side and another on the east side near the south end of the building, both intact. Along the east side of the school there is a bank of 5 multipane, double hung windows. They are double windows with the storms, some having the same 12 pane windows and others less. One of the windows is covered with plywood as the glass is broken. The floor is tongue and groove hardwood. There is a blackboard on the west wall. The entry has coat hooks and a lot of storage stuff. More stuff is stored in the main body of the school. The walls are of lathe and plaster with wallboard ceiling. A light fixture near the entry door shows the presence of electricity.
