PAGE 3—Feature Data**Field Code Crowfoot Township SchoolSITS# 32 MN**Complete a Page 3 for each feature.****1. Feature Description, Integrity, Eligibility:**

The feature is a one room prairie school on a concrete foundation. The gable roof of the main body of the school and the shed entry are covered with wood shakes with metal capping and finials. The addition at the east end of the school has asphalt shingles on the gable roof. There is a bell tower at peak of the west end of the roof. The tower base is ship lap with four corner posts holding up the pyramidal roof of the tower. This roof is covered with wood shakes with metal capping corners. At the peak of the bell tower is a flagpole. The soffits are closed. There is a red brick chimney at the peak at the east end. The building measures 34 feet east to west with the east addition another 12 feet east to west and 16 feet north to south. The west entry measures 4 feet by 6 feet.

There is a wide trim wall board under the soffits at the peak ends of the school. The remainder of the siding is 6 inch wood lap with 6 inch wood corner trim. A concrete step leads to the 5 panel wood entry door. Another 5 panel door leads into the coat room. There is one small covered window space on the north wall of the coatroom and a covered, double hung window on the south side. The school has 3 double hung, two over two, windows on the north side and 3 more on the south side with framing and some glass. The east most window on the north side is covered. There is a 2 panel wood door that leads into the addition. The addition has an opening on the east wall that is boarded up. The walls and ceiling are covered with wallboard and the ceiling curves toward the walls (cove ceiling) on the north and south walls. There is wainscot on all the walls. There is tongue and groove flooring. One blackboard between the middle and east window on the north wall. Light fixtures suggest electricity. There is an oil burning furnace at the east end of the school room. A single outhouse sits to the east of the building.
