**Feature Preservation Recommendation(s) (Check all that apply):**

- Individual nomination
- Contributes to a potential district
- No nomination potential
- Will not contribute to a district
- Potential district—feature would be a contributing element if other properties constitute a district
- Thematic nomination potential
- Component of a historic site or landscape
- Moved (specify all applicable choices)—a) relocation occurred within a historic period; b) recreates original site, orientation, landscape, & spatial relationships; c) compatible in context with neighboring structures; d) relocation has damaged eligibility
- Historical associations require further investigation

**NDCRS ARCHITECTURAL SITE FORM  
PAGE 3—Feature Data**Field Code Knife River Township SchoolSITS# 32 MN**Complete a Page 3 for each feature.****1. Feature Description, Integrity, Eligibility:**

The feature is a one room prairie school on a poured concrete basement. The gable roof of the school is covered with asphalt shingles over wood shingles. The chimney is gone and the soffits are closed. The building measures 24 feet north to south by 18 feet east to west with the entry measuring 12 feet north to south and 12 feet east to west.

The siding begins with a wide trim board under the peak of the roof at both the north and south ends of the school. The remainder of the siding is 6 inch wood lap with 6 inch corner trim. There are three window openings on both the west and east walls of the main body of the school. They appear to have been double hung and there is no glass. A small opening on the west wall of the entry is a window above the stairway that leads to the basement. The door into the entry is a broken 5 panel wood door. The floor in the entry is tongue and groove hardwood and the main body had tile covering the sagging floor. Much of the floor in the school is falling into the basement. The basement walls are also falling in along the east and west sides of the building. The interior of the school is finished with wallboard on the walls. The ceiling was finished with wallboard tiles. Electricity was present at some point as evidenced by electric wiring and light fixtures. There is no wainscot and no blackboards remain.

Field Code Knife River Township School

SITS# 32 MN

**Complete one Page 4 for the entire site.**

2. Owner's Contact Information:

Jack and Aneda Fladeland  
4223 Hwy 8  
New Town ND 58763

3. Access (to rural areas):

Go north of New Town on Hwy 1804 about 11 miles to 46th St NW. There are few roads leading off 1804 to the east in this area. Turn right and go east about 6 1/2 miles to see the school as the road corners and goes north.

4. Site Area (ft<sup>2</sup>): \_\_\_\_\_

5. Description of **SETTING**:

There is a farm to the north, farm fields all directions with oil well sites in the vicinity. It is on a bit of a rise and you can see for miles. The country around is hilly.
