NDCRS ARCHITECTURAL SITE FORM
PAGE 3—Feature DataField Code Eliason SchoolSITS# 32 MO**Complete a Page 3 for each feature.****1. Feature Description, Integrity, Eligibility:**

The feature is a one room prairie school sitting on a foundation of concrete blocks. The school was moved to this farm yard to be used for storage. Prior to this move the school had been used as a house. The hip roof is covered with asphalt shingles with metal capping and finials at the peak. There is a metal pipe chimney on the west slope of the roof. The soffits are closed with beadboard. The school measures 20 feet north to south and 24 feet east to west.

There is a wide trim board at the top of the siding on all four sides of the school. The remainder of the siding is 6 inch wood lap with 4 inch wood corner trim. There is a garage door on the east wall as well as a side sliding window with glass intact. The windows are all replacements. On the south side there are two newer double hung windows with intact glass and another similar window on the west side to the left of the entry door. The door is 5 panel wood with a storm door covering on the outside. There is a covered opening on the north side that might have been another window. The presence of a light fixture above the door would indicate the presence of electricity at some point. The walls and ceiling are finished with wallboard. The floor is tongue and groove hardwood. There are no blackboards or wainscot in the school. Most recent heat source was fuel oil.

SITS# 32 MO

Complete one Page 4 for the entire site.

2. Owner's Contact Information:

Irvin Eliason
PO Box 777
Stanley ND 58784-0777

3. Access (to rural areas):

This school is located on a farm 8 miles north of Stanley on Hwy 8. At Mile Marker 165 or 70th St NW turn right and go east about 1/2 mile to the farm on the south side of the road.

4. Site Area (ft²): _____

5. Description of **SETTING**:

The school is sitting on a farm site, nearer the east side of the building. There are trees to the west and southeast as well as more north with farm building in most directions.
