1. Feature Description, Integrity, Eligibility:

The feature is a one room prairie school sitting on a foundation of poured concrete. The roof is covered with wood shakes with metal capping and finials. The chimney is gone, opening covered with a piece of metal. The soffits are closed. There are cornice returns both north and south sides of the school.

The siding is gray asphalt siding over 6 inch wood lap. On the north end of the school there are decorative wood shingles above the cornice returns to the peak. The corners are finished with metal corner trim. There are two vertical windows on the north wall, complete with glass. The door is a 3 panel wood door with a window opening at the top covered with a piece of plywood. Above the door is a transom window. There is a small shed addition on the east wall at the south end. On the west side there are three double hung, two over two, windows. Two are covered and the third is half covered. Two more windows are seen on the south side. The floor is green and brown tile. The walls and ceiling are covered with a mixture of lathe and plaster and wallboard. A blackboard runs along the east wall. There is wainscot and electricity is present.

Governor Walter J. Maddock's farm was one mile west of this school.
