PAGE 3 – Feature DataField Code Plain Township School #2SITS# 32 RV

Complete one Page 3 for each architectural feature at the site.

1. Feature Description, Integrity, Eligibility:

This feature is a one room prairie school sitting on a foundation of slab rocks. It was moved to this location from about a mile south for use as a storage shed. The gable roof has wood shakes with metal capping and finials. The chimney is missing and there is a piece of metal closing the hole. There are two holes on the south slope of the roof along with two holes near the bottom on the south wall that indicate to me that it was likely used as a granary at some point. The soffits are closed.

The siding begins with a rake board under the eaves at the peak ends of the school. The remaining siding is 6 inch wood lap with 6 inch corner trim. The east wall has a side sliding door to give access to the interior of the building. There are several double hung windows in the building, two on the south side, 5 on the north side and two on the west side. Some are covered and there is some glass and framing. Old doors were used to cover several of the windows on the inside of the building. The ceiling is completely gone. The walls have some plaster remaining on the lathe. There is wainscot along the bottom third of the walls. The floor is tongue and groove hardwood. There is no evidence of electricity. No blackboards.

2. Owner's Contact Information:

Bruce Bloms
7480 42nd Ave NW
Carpio ND 58725

3. Site Area (ft²):

4. Description of Access and Site Setting:

The school sits just north of an abandoned farm site. There are a few trees to the west and southwest. Farm fields are all directions. You reach this school by driving 5 miles north of Carpio on Hwy 28 (46th Ave NW) to 76th St. NW. Turn right and go east 6 miles to 40th Ave NW. Turn right again to drive south about 1/2 mile to see the school on your right.

5. Summary of ALL Site Features and Evaluation of Significance:
