NDCRS ARCHITECTURAL SITE FORM
PAGE 3—Feature DataField Code Shipley SchoolSITS# 32 SK**Complete a Page 3 for each feature.****1. Feature Description, Integrity, Eligibility:**

The feature is a one room prairie school on a concrete block foundation. The school was moved to this location from about 10 miles south of Dickinson. The hip roof of the school along with the gable roof of the entry are covered with asphalt shingles. The soffits are closed. There are eaves troughs with down spouts on this building. There is no chimney. The building measures 28 feet north to south and 22 1/2 feet east to west the entry is 4 feet by 7 feet.

The siding of this building is vinyl with vinyl soffits and window trim. There is a solid core entry door which is kept locked. On the south side of the school there are 4 replacement double hung windows, two either side of the entry. On the east side there is a bank of 7 replacement double hung windows. The original window trim was maintained inside the school. The interior doors are original 5 panel wood doors, the walls are lathe and plaster with wainscot. The ceiling is wallboard and there are light fixtures suggesting electricity. The floor is tongue and groove hardwood. The blackboards are on the west wall and much of the north wall. The interior of the school has desks, books, teachers desks and much more. There are window shades that pull up and down from shades placed in the middle.

Shipley School District was organized in 1897 the school opened as St. Anthony School #19. It was the last rural school operating in Stark County, closing in 1980. The school was moved into Dickinson in August of 1986.
