**NDCRS ARCHITECTURAL SITE FORM  
PAGE 3—Feature Data**Field Code Rainy SchoolSITS# 32 SL**Complete a Page 3 for each feature.****1. Feature Description, Integrity, Eligibility:**

The feature is a one room prairie school, cannot see the foundation. I did not get close to this school. The hip roof of the school and the half hip of the entry have wood shakes with much of the planking showing. Metal capping is here and there at the peak and the hips. There is a tall red brick chimney, with stucco or cement covering some of it, that is held up by cables attached the roof on the north slope. On the south slope and onto the entry roof there is a large bell tower. The base of the tower is finished with wood shakes up to the housing that has four corner posts supporting the roof. All sides of the bell tower are open. The pyramidal roof has wood shade and is topped with a flagpole. Soffits are closed.

There is a wide trim board under the soffits on all sides of the school and entry. The remainder of the siding appears to be 6 inch wood lap with 6 inch corner trim, no paint. There are several double hung window openings, very little framing and no glass. On the north wall are two sets of two windows, the east side has a bank of four, a single window is on the west side of the entry. The entry has a door opening, door is gone, and two smaller window openings. The walls and ceiling (seen from the road) are lather and plaster with much falling in. Conduit on the east side of the entry would suggest electricity.

2. Owner's Contact Information:

3. Access (to rural areas):

From Amidon, going north on Highway 85, 8+ miles to Highway 21. Turn right and drive 6 miles east to 130th Ave SW. Turn right again and drive south about a mile and 1/2 to see the school on the west side of the road.

4. Site Area (ft<sup>2</sup>): \_\_\_\_\_5. Description of **SETTING**:

There is a farm with lots of trees directly south, buttes around with West Rainy Butte to the southeast and farm fields and pasture other directions.
