Feature Preservation Recommendation(s) (Check all that apply):

- Individual nomination
- Contributes to a potential district
- No nomination potential
- Will not contribute to a district
- Potential district—feature would be a contributing element if other properties constitute a district
- Thematic nomination potential
- Component of a historic site or landscape
- Moved (specify all applicable choices)—a) relocation occurred within a historic period; b) recreates original site, orientation, landscape, & spatial relationships; c) compatible in context with neighboring structures; d) relocation has damaged eligibility
- Historical associations require further investigation

NDCRS ARCHITECTURAL SITE FORM
PAGE 3—Feature DataField Code Conklin Township SchoolSITS# 32 SN**Complete a Page 3 for each feature.****1. Feature Description, Integrity, Eligibility:**

This feature is a one room wood framed prairie school on a poured concrete foundation. The roof is covered with wood shakes over wood sheathing. About 1/4 of the shakes are gone. There is metal capping at the peak of both the main body and the entry. There are remnants of the brick chimney at the north end of the peak. The eaves have close soffits. The school measures 16 1/2 feet east to west and about 28 feet north to south.

There is a wide header under the eaves at the north end of the main body and the entry. The siding is 6 inch wood lap with 4 inch wood corner trim, no paint remains. The door is reached by concrete entry stairs. The door is gone as are the two windows on the south side. There was a bank of 6 windows on the east wall with little or no framing left. The entry is a large porch/coatroom. The walls in the entry are wood lap on the school wall and beadboard all other walls. The entry might have been added at a later date. The walls in the main body of the school are wall board with wainscoting at the bottom third. The ceiling is beadboard. The blackboard used to hang on the west wall. There was electricity to the school as evidenced by wires above the entry door, a switch inside and more wires on the north side.
