**PAGE 3—Feature Data**Field Code Picard SchoolSITS# 32 ST**Complete a Page 3 for each feature.****1. Feature Description, Integrity, Eligibility:**

The feature is a one room prairie school sitting on a concrete foundation. The school was moved to this location. The roof of the building is being replaced with new saphalt shingle with metal capping and finials. The soffits are open. There is a red brick chimney near the north end of the roof peak of the main body of the school. The building measures 40 feet east to west and 20 feet north to south.

The original wood lap siding has been removed and they are replacing it with half log siding. There is a new, solid core doos at the west end of the entry with one double hung window on the same wall. On the south side there are two more new double hung windows as well as as new pation door. They are in the process of refurbishing this building for a house. No blackboards remain.
