**Complete one Page 3 for each architectural feature at the site.**

**1. Feature Description, Integrity, Eligibility:**

This feature is a one room school house. It was sold to the Mooney-Carnahan Post #8196 VFW for use as a meeting place. It was bought and moved from Considine ND and placed on a concrete basement. The gable roof is covered with asphalt shingles. There is a concrete block chimney at the south end of the peak of the roof. The soffits are closed.

The siding begins with a rake board under the eaves at both the north and south ends. The remainder of the siding is 6 inch white painted wood lap siding. The corners are finished with 4 inch wood corner trim. The concrete block basement has two small, fixed pane windows on both the east and west sides. There is a newer, solid core door on the north side. A 5 step wood porch leads to this door. There are two small, fixed pane windows to the west of the door. On the east side there is one covered window near the north end of the building. Another similar window is on the west side as well. Other windows have been sided over. A newer solid core door was added to the building at the southeast corner. There is a small portico above the door.

After the building was moved to Rock Lake it was remodeled. They added a quanset to the south end of the building, finished the inside of that quanset, remodeled the front hall and added water and sewer to install bathrooms.

**2. Owner's Contact Information:**

Mooney-Carnahan Post #8196  
%EUGENE L NORHEIM  
6869 97th St NE  
Rock Lake, ND 5836E
