**Feature Preservation Recommendation(s) (Check all that apply):**

Individual nomination

Contributes to a potential district

No nomination potential

Will not contribute to a district

Potential district—feature would be a contributing element if other properties constitute a district

Thematic nomination potential

Component of a historic site or landscape

Moved (specify all applicable choices)—a) relocation occurred within a historic period; b) recreates original site, orientation, landscape, and spatial relationships; c) compatible in context with neighboring structures; d) relocation has damaged eligibility

Historical associations require further investigation

PAGE 3 – Feature Data****Field Code** Linton Township School #2**SITS#** 32 **WD** \_\_\_\_\_**Complete one Page 3 for each architectural feature at the site.****1. Feature Description, Integrity, Eligibility:**

The feature is a one room prairie school on a concrete foundation. The school was moved to this location to be used for storage. The gable roof is covered with wood shakes with metal capping and finials. There is a red brick chimney located at the roof peak about 2/3 of the way along the roof from the north end. The soffits are closed.

The siding begins with a rake board at the peak ends of the school with the remaining siding being 6 inch wood lap with 4 inch wood corner trim. There is very little paint left on the school. There are two covered window openings on the north side of the school. On the east side is a bank of four double hung windows, some covered and the remaining windows have glass. Electric wiring on the north exterior wall would lead me to think there is electricity present. There is a plywood entry door located on the east side as well. The pictures were taken from the road so there is not information about the interior or the south side.

**2. Owner's Contact Information:**

4. Description of Access and Site Setting:

This schools sits among farm buildings. There is a metal building to the south and another to the south east. Directly east are several bins and north of the school is open field. A farm is just to the northwest. Many bales are stacked by the school. Access to the school is from Highway 83 at the South Prairie school. Drive west on County Road 20 18 1/2 miles to see the school on the south side of the road. County 20 will turn into a gravel road at County road 11.

5. Summary of ALL Site Features and Evaluation of Significance:
