Feature Preservation Recommendation(s) (Check all that apply):

- Individual nomination
- Contributes to a potential district
- No nomination potential
- Will not contribute to a district
- Potential district—feature would be a contributing element if other properties constitute a district
- Thematic nomination potential
- Component of a historic site or landscape
- Moved (specify all applicable choices)—a) relocation occurred within a historic period; b) recreates original site, orientation, landscape, & spatial relationships; c) compatible in context with neighboring structures; d) relocation has damaged eligibility
- Historical associations require further investigation

NDCRS ARCHITECTURAL SITE FORM
PAGE 3—Feature DataField Code MAC-ANA-xC7 SITS# 32 WD**1. Feature Description, Integrity, Eligibility:**

The site is an abandoned school house. It is a single feature consisting of a wood frame structure with wood planked siding and shingle roofing on a concrete foundation. The standing structure measures approximately 5 meters x 10 meters. The attached front entry porch faces east and measures 2 x 2 meters.

2. Owner's Contact Information:

3. Access (to rural areas):

From Max, take Highway 83 north 3 miles to County Road 24. Travel east, 1 mile on County Road 24. Site is located 20 meters south of road.

4. Site Area (ft²): _____

5. Site Description:

At the time of recording, July 2010, over 50 bee hive boxes were stored on the south side of the structure and the presence of bees made site recordation difficult. The site is situated on a gently rolling knoll that overlooks a large pond to the east, truncated by the county road and a series of intermittent ponds and marshes to the south.
