SITS# 32

**Complete a Page 3 for each feature.**

**1. Feature Description, Integrity, Eligibility:**

The feature is a one room prairie school on a foundation of concrete block, rocks and timbers. It was moved to this location from Pony Gulch Township. The roof is covered with metal sheeting. There is a red brick chimney at the north end of the peak. The building measures 24 feet north to south and 16 feet east to west. The soffits are closed. There is a wood porch at the south end of the building and that goes from the west side of the school to the east. This roof is also finished with metal sheeting.

The siding on this building is all metal sheeting. There are two sliding windows on the west side, two on the north and one more on the east with all glass intact. There is a storm door over a wood door with window on the top half. Blackboards have all been removed. The interior walls are covered with plywood today, flooring is tongue and groove hardwood. The ceiling is open to the roof supports. The building is used for family gatherings and hunting parties.
