**NDCRS ARCHITECTURAL SITE FORM
PAGE 3—Feature Data**Field Code Ellisville Township SchoolSITS# 32 WI**Complete a Page 3 for each feature.****1. Feature Description, Integrity, Eligibility:**

The feature is a one room prairie school on a foundation of rocks, mortar and concrete. The intersecting gable roofs are covered with wood shakes with scraps of metal capping. There are cornice returns at the corner of the roof on both the school and the entry. The chimney is gone and the soffits are closed. the building measures 28 feet east to west and 20 feet north to south. The entry measures 16 feet east to west by 8 feet north to south.

There is a wide trim board under the soffits at all the peak ends. The remaining siding is 6 inch wood lap with 4 inch corner trim with a waterboard and a skirting board at the bottom. There was a porch roof over a concrete pad at the entry door but it is laying on the stoop. The entry door is 5 panel wood door leading into a coatroom finished with horizontal beadboard on the walls above vertical beadboard wainscot. There was beadboard on the ceiling in the entry. The west half of the entry has a small opening for fuel and was likely used for fuel and storage. There is a half moon window opening at the east end of the school, near the peak and I think another half moon opening above the double hung, little framing no glass, window opening on the south wall of the entry. There are 5 double hung window openings on the north side as well as two sets of two double hung window openings on the west side, all with little framing and no glass. The interior walls and ceiling are finished with lathe and plaster and much of ceiling as fallen to the school room floor as well as some of the wall plaster. There is wainscot all walls. There are decorative cornices above the doors and windows in the school. There is not a door between the entry and the school room, it has been removed, there is a transom above it. Tongue and groove narrow hard wood covers the floor. No signs that electricity was there.
