Complete one Page 2 for each architectural feature at the site.

Architectural Feature # 1

Construction Date _____

Feature Date 1900-1915

Structural System Wood Frame

Original Owner's Ethnicity _____

Feature Type 9 - School; Church school

Context Education

Primary Exterior Wood, Horizontal Siding

Secondary Exterior _____

Condition Good

Plan Shape Rectangular

Style Other Style

Architect/Builder _____

Foundation Poured concrete slab Stories 1.0

Roof/Cornice Gable

Window Double hung, all covered

Dating Method(s) Estimate

Miscellaneous Information _____

Feature Preservation Recommendation(s) (Check all that apply):

- Individual nomination
- Contributes to a potential district
- No nomination potential
- Will not contribute to a district
- Potential district—feature would be a contributing element if other properties constitute a district
- Thematic nomination potential
- Component of a historic site or landscape
- Moved (specify all applicable choices)—a) relocation occurred within a historic period; b) recreates original site, orientation, landscape, and spatial relationships; c) compatible in context with neighboring structures; d) relocation has damaged eligibility
- Historical associations require further investigation

**NDCRS ARCHITECTURAL FORM
PAGE 3 – Feature Data**Field Code Rinehart SchoolSITS# 32 WI 2472**Complete one Page 3 for each architectural feature at the site.****1. Feature Description, Integrity, Eligibility:**

The feature is a one room school sitting on a poured concrete slab. The school was moved to town and placed in the city park. They removed the bell tower when it was moved and put the tower near the school. The roof is covered with asphalt shingles and there is a red and yellow brick chimney near the west end of the peak of the roof. The soffits are closed.

The siding begins with rake board under the peak ends of the roof and entry. The remainder of the siding is 6 inch wood lap siding with 6 inch wood corner trim. The entry is located at the east end of the building with a 5-panel wood door giving access on the south side. The door is reached by a crumbling wood platform and the door is nailed shut. On both the east and north sides of the entry are two small covered windows. There are three covered windows on both the north and south sides of the school.

A look into the school from a small opening in the east entry window shows blackboards on the west wall either side of the chimney. There is a stove sitting in the middle of the room with desks between the stove and the blackboards. There is wainscot on the west wall. Wires on the outside west wall would indicate electricity was present at some point.

2. Owner's Contact Information:**Recorded By:** Kathy Wilner & Hunter Andes **Date Recorded:** 05/30/2022

PAGE 4 – Site Description**Field Code** Rinehart School**SITS#** 32 WI 24723. Site Area (ft²):

4. Description of Access and Site Setting:

The school is located in a city park on the south side of Ray, ND. You reach the school by going south of Hwy 2, in Ray, on Winther St. You will see it on the east side of the road. Score St. is just south of the school. There are trees around the school with industrial areas to the north. South there is a recreation dam and camp ground. Just east of the school is the bell tower with the bell inside.

5. Summary of ALL Site Features and Evaluation of Significance:
